AHF

A striving community starts with health care.

Christie's Place has supported Planned Parenthood's goal of HIV prevention for 30 years, and, in turn, we support all who come in for HIV testing and care coordination. Happy 30th Anniversary to the community space that became a home for so many women. Make an appointment today at [planned.org](https://www.planned.org) or call **1-888-743-7526**.
